France
OPPORTUNITIES THROUGH SUNY
STUDY ABROAD IT’S EASIER THAN YOU THINK!

Binghamton has designed study abroad programs that offer coursework which complement many of our students’ majors, but we recognize that we can’t be in all countries or meet all the study abroad interests of students. Here are a selection of programs that may be of interest to Binghamton students offered through the SUNY campuses.

SEMESTER & ACADEMIC YEAR PROGRAMS

La Sorbonne (Oswego)
Students are fully enrolled in the Cours de Civilisation Francaise at the Sorbonne, which includes an intensive language course. This study also includes the “Director’s Course,” which takes a comprehensive look at French culture and society. There is also an internship option available.

Institute for American Universities (Fredonia)
Le Centre d’Ais in Aix-en-Provence is a program designed for liberal arts majors with beginning to advanced French language skills. All levels of French language and literature courses are offered, along with a variety of liberal arts courses taught in English or French.

University of Franche-Comte, Besancon (New Paltz)
Students study French in one of the top language schools in France, the Center for Applied Linguistics, part of the Université de Franche-Comte.

University of Grenoble Exchange (Albany)
This program allows students with fluent French to directly enroll in coursework in all areas. Some additional training for students with less background in French may be available in courses designed for foreign students.

University of La Rochelle (Cortland)
Students with upper-intermediate French can enroll in direct university classes in the fields of applied languages, economics, French literature, geography, history, political science, and science and technology.

University of Montpellier II Exchange (Albany)
This exchange program offers business studies at the Universite de Montpellier II. The international business curriculum is taught in English (Fall semester only) or French (either semester).
