Thinking about studying abroad? Here's a helpful guide to organize your Study Abroad plan.

1-2 years before:

- Consult Financial Aid Services: Become familiar with program costs, if and how financial aid can be applied, and research & apply to any qualifying scholarships.

1 semester before:

- Consult with Academic Advisors and Department Chair: Verify that Study Abroad plan will insure satisfactory progress toward your degree and that credits can be used toward major or minor.

Upon Acceptance:

- Attend pre-departure meeting
- Fill out and return all forms

Global Studies Minor:

- Research and sign up for GSM prior to departing

For GSM students:

- Take “Study Abroad Experience” online course while abroad & “Capstone seminar” after you return to Binghamton

While abroad & after...

- Stay Involved: Become a peer advisor and help other students make decisions about Study Abroad

Have an amazing study abroad experience!
